## Product Feature

### What is the advantage of NEWSCREW's Roofing Screws with Epdm Washer Head Painted?

1. Durable painting
2. Ideal for walls and roofs with overlap joints
3. Aluminum/ Steel washer

4. 2.5/3mm EPDM thickness

### **How are roofing screws measured?**

They are measured from the top of the head to the tip. Hex and hex washer head screws and bolts, although flat on the top and the bottom, are measured from the bottom of the head. From that point to the tip is the length of the screw. Self drilling screws are measured all the way to the end of the drill point tip.

## **Product Application**

Roofing screw used for iron roof, solar bracket, water proof roof screws patch, water proof tide, coloured roofing screws
