

100W Portable Chargers Foldable Solar Panels

High quality 100W Portable Chargers Foldable Solar Panels is offered by China manufacturers Sinovo. Model M100M36-4F is a Sinovo 18V 100W Monocrystalline Solar Panel, With high conversion efficiency up to 22%, it's ideally suited for outdoor life and even unexpected power outages. The solar panel weighs only 3.76Kg, it's lightweight, foldable and with an easy-carry handle, making it more portable. This Portable Foldable Solar can be widely used in Mobility cart, portable refrigerator, radio equipment, Outdoor Emergency Power, RV, Camper, Solar, Wind Power, Power Backup, Household Electricity, Electronic systems, alarm systems, electric riding toys, golf carts, forklifts, uninterruptible power supplies, Alternative lead-acid batteries, Boat & Fishing, off-grid Solar, foot travel trailer, etc.

Product Description

You are welcomed to come to our factory to buy the latest selling, low price, and high-quality **100W Portable Chargers Foldable Solar Panels**, Sinovo looks forward to cooperating with you.

100W Portable Chargers Foldable Solar Panels Parameter (Specification)

Place of Origin:	China	Product name:	Foldable Sola Panel
Model Number:	M100M36-4F	Solar Cell Type:	15 Hours Monocrystalline Silicon
Rated Maximum Power:	100W (18V/5.5A)	Solar cell Efficiency:	22%
Open Circuit Voltage:	21.5V	Short Circuit Current:	22%
Output port:	DC5521/USB/QC3.0/PD	Folding Number:	4pcs
Parts:	8 in 1 DC Connector	Output Cable:	3m

Expand Dimensions:	L1670*W540*H30mm	Folded Dimensions:	L420*W540*H60mm
Weight:	3.76Kg	Warranty:	1 Year

100W Portable Chargers Foldable Solar Panels Feature

M100M36-4F – 18V 100W High Efficiency Portable Foldable Solar Panel

Easy Setup & Kickstand Included:

With 4 Brackets, the Portable Foldable solar panel can be placed stably on any surface ground. With simple setup, you can get energy from the sun for your portable power station. The solar panel may be folded into a bag, and the handle makes it easy to carry.

Higher Energy Conversion Rate:

Covered by monocrystalline silicon solar cells, the Portable Foldable solar panel use multi-layered cell technology to generate energy from the sunlight, with better performance and higher conversion efficiency that up to 22% than other conventional panels.

Durable & Splash-Proof:

The Frosted pet and waterproof cloth case is durable to extend the lifespan of the solar panel. It is IP65 water-resistant that will protect from water splashing (Do not place it under the rain, or to soak in water). The zippers on the pocket can hold the power cords, and cover the power port.

Compatible & Versatile:

This Portable Foldable solar panel is compatible with sinovo portable powerstation OPS150/200/300/600/1200, ideal for outdoor camping and unexpected power outage. The solar panel features 1* USB-A(QC3.0) output port and 1* USB-A(PD) output port to charge 2 small devices directly. An 8-in-1 DC adapter is additionally provided to provide 100W DC(18V*5.5A) output.

100W Portable Chargers Foldable Solar Panels Application

compatible with sinovo portable powerstation, This Portable Foldable solar panel is a great off-grid companion for camping,carvaning,RVing, Boat & Fishing, foot travel trailer, etc
