The following is the introduction of Amorho® high quality **Electric Mirror Bathroom Mirror**, hoping to help you better understand **Electric Mirror Bathroom Mirror**. Welcome new and old customers to continue to cooperate with us to create a better future!

If you want to find a place in your home that needs smart technology the most, it is undoubtedly the bathroom. Since buying this smart **Electric Mirror Bathroom Mirror**, the quality of life has been greatly improved.

### Electric Mirror Bathroom Mirror feature

- **Explosion-proof mirror, safe and reliable**

Of course, under normal circumstances, bathroom mirrors are generally not broken, but it is inevitable that there are children at home, and they will always scare you when you are not paying attention. Like an ordinary mirror, when it is broken, the shards of the lens will splash everywhere. If it is not cleaned cleanly, it is very dangerous, and it is often worried that children will be stabbed. The design of the Amorho® brand **Electric Mirror Bathroom Mirror** is an explosion-proof mirror. It can give you a sense of security.

SAFE MIRROR with TEMPERED GLASS

**OUR MIRROR**

5mm Tempered Glass: Sturdy and Shatter-Proof  
5 Times Stronger than ordinary glass mirror.  
It will not splash into pieces even it is broken.

VS

Ordinary Glass: Frail Glass  
Broken easily and splash throughout

- Intelligent stepless dimming and color matching

**The Electric Mirror Bathroom Mirror** can create three different living atmospheres. With this **Electric Mirror Bathroom Mirror**, you can adjust the color of the light and the brightness of the light through the touch switch on the mirror according to my preferences and living habits. 6000k white light is a relatively bright light , The photos taken under this light are full of sense of technology, and have their own lighting and whitening effect.
