Amorho® Electric Vanity Mirror Features

【Dimmable Brightness】 Long press the light button to adjust the brightness of the mirror light. 6400K backlight design only plays an auxiliary role in the brightness of the bathroom mirror light.

【Anti-Fog】 Starting the anti-fog function immediately when you turn on the anti-fog button, it needs 5-10 minutes to clear this led bathroom mirror completely, so open this function in advance before you use it.

【Memory Function】 The Amorho® Electric Vanity Mirror will remain in the last used state, without the need to adjust the brightness.

【Wall Switch Control】 The Amorho® Electric Vanity Mirror can be installed with a plug or hardwired. You can use the wall switch to control the ON/OFF of the mirror light and the defogger.

【Safety】 Long endurance led and IP44 rated for safe use in bathrooms.

【High-Quality】 The sturdy packaging protects both the mirror corners and both the front and back sides of the mirror much better. Screw included.
