

Amorho® is an **LED bathroom mirror** manufacturing brand with a focus on quality and service. We mainly focus on fashion bathroom mirror and we also have 3 years warranty, we look forward to become the best LED bathroom mirror brand. The following is the introduction of fashion **LED bathroom mirror**, hoping to help you better understand it. Welcome new and old customers to continue to cooperate with us to create a better future!

This Amorho® **LED Bathroom Mirror** is made of 5mm tempered mirror glass, which is stronger and safer. It will protect the mirror glass from crazing and hurting person.

**LED Bathroom Mirror** uses unique design with double LED lights, both backlit and front lights. More dense LED beads. There are 192pcs leds per meter, about 30% higher than the usual led quantity, much brighter.

### **LED Bathroom Mirror**

#### **【Double Lights & Super Bright】**

With two built-in LED strip lights, Amorho® **LED bathroom mirror** gives out twice the lighting, both from backsides and front. The lighting mirrors are bright enough for makeup or shave or beauty care. No dark, no shadow, super clear.

#### **【Shatterproof & Corrosion Proof】**

Will you worried about the breakage of the mirror glass and the relative troubles. **LED bathroom mirror** is made from stronger glass, that is armored glass. It will not get broken easily. Even it is broken, it will not shatter to piece, no harm, more safe to use. With epoxy coat, this mirror is corrosion proof. It will not get corroded after 30days acid test.

**【Colors Changeable and Brightness Dimmable】**

This **LED LED bathroom mirror** is multifunctional. You can press the button to change the color temperatures: Warm(3000K), natural (4000K) and white(6000K). You can also dim the bright to your comfortable level. All these will be easily controlled by the touch button. The smart memory function will record the lighting setting and keep the previous lighting status after turning off and on.

**【Easy to Install and Powered by Plugin or Hard Wire】**

Fixed the mirror holder on the wall by screws and hang the mirror on the holder. You can use the plug for power or connect the wire to wall switch by hard wire. It is better done by a professional electrician if you want to hardwire it.

**【3 Year Warranty】**

We will provide 3 years warranty for Amorho® LED bathroom mirror . For any doubts and questions, please feel free to contact us. We welcome all the recommendations for mirror improvement. Our Mission is to produce the beautiful, modern, safe mirror for you.

Tips: If you want turned off the blue lights of the controls, just long-press the botton till it off.
