

Small Bathroom Mirror

The **Small Bathroom Mirrors** made in China from the Amorho® brand have many functions, such as anti-fog and anti-shatter functions, and are deeply loved by consumers. The most worth mentioning is that this **Small Bathroom Mirrors** can be customized, and you can choose the appropriate mirror according to the style of bathroom decoration.

I would like to remind everyone that the Amorho® **bathroom mirrors** can be customized! So don't worry about not having a bathroom mirror that is about the same size as your own bathroom cabinet. You only need to consider the size of the bathroom mirror that needs to be matched, and then customize it.

Amorho® **Small Bathroom Mirrors Feature**

- **Double Lights & Super Bright**
- **Shatterproof & Corrosion Proof**
- **Colors Changeable and Brightness Dimmable**
- **Easy to Install and Powered by Plugin or Hard Wire**
- **Can be customized**

SAFE MIRROR with TEMPERED GLASS

OUR MIRROR
5mm Tempered Glass: Sturdy and Shatter-Proof
5 Times Stronger than ordinary glass mirror.
It will not splash into pieces even it is broken.

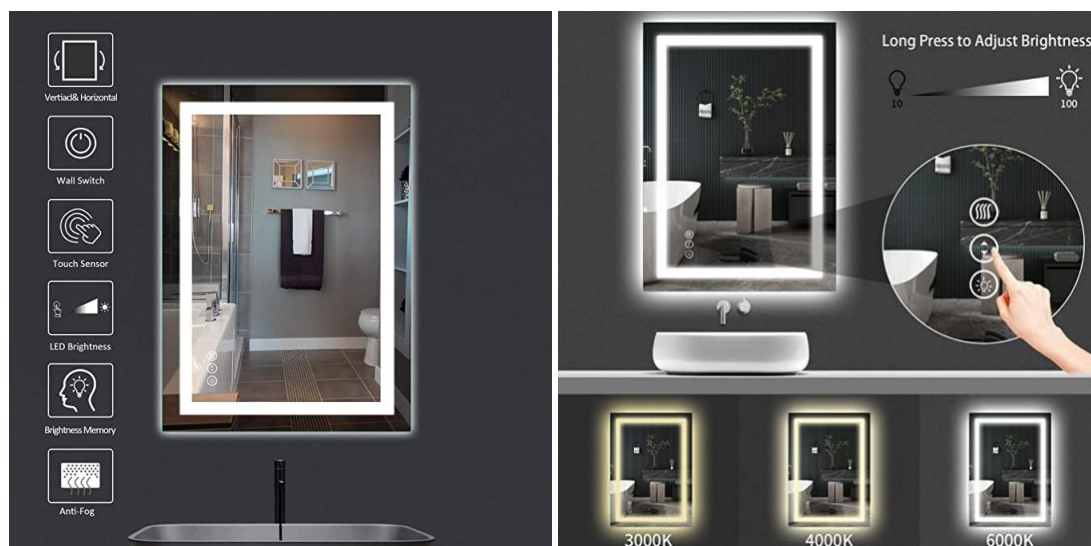

VS

Ordinary Glass: Frail Glass
Broken easily and splash throughout

Backlit + Front Lighted

The Choice of **Small Bathroom Mirrors**

Now that more and more models and styles of bathroom mirrors appear, how should we choose the appropriate size of **small bathroom mirrors** to make your hotel or home bathroom environment look more beautiful?

The answer is that Amorho® brand **Small Bathroom Mirrors** are your best choice.

When matching a small wash basin, you can choose a vertically hung rectangular bathroom mirror. There are various collocations of bathroom mirrors, and there are many sizes, and the choice of the size of bathroom mirrors depends on the objects you want to match them with. For example, if you want a small bathroom cabinet, you can match it with a vertical bathroom mirror.
