

**CARELITE**

### Dual Lighting Rechargeable Headlamp with Taillight

Carelite is a Chinese manufacturer who is committed to manufacturing and providing the end users with premium quality portable lighting products. All our products are versatile for a wide range of applications whether indoors or outdoors. With the principle of "We make lights care for you!", we will be always glad to hear your feedback and voice so that we can keep improving our products

and developing new ones, letting CARELITE be your reliable partner in daily life.

#### Product Description

This Carelite **Dual Lighting Rechargeable Headlamp with Taillight** has 7 lighting modes: Low brightness/ high spotlight, white beam COB and red COB steady on, red taillight on/strobe/flash spread . The unique zoom function is more practical: spotlight for long-distance observation / floodlight for large area illumination. The red steady lighting and strobe lighting modes provide you with comprehensive safety.

Rechargeable head light is specially designed to be 60°adjustable, each degree is very solid, allowing you to see the full range of vision from up to down. Outdoor flashlight has an elastic headband that can be easily adjusted in length to perfectly fit your head size, suitable for adults and children. The flashlight uses a thick silicone pad to better protect your head. Headlamp with taillight is ideal for night running, biking, hiking and roadside emergency repairs when you are turn on the front and taillight simultaneously, ensuring your safety.
