

Automatic Intelligent Paper Cup Machine

This Yongbo Machinery® Automatic intelligent paper cup machine newly designed paper cup forming machine is a fully automatic paper cup forming machine, which can produce paper cups of different sizes through a series of continuous processes, including more than 2 times of automatic paper feeding, paper back preventing device (to ensure accurate positioning), ultrasonic welding, Transfer the paper fan with magic hands, lubricate with silicone oil, punch holes at the bottom, fold the bottom, preheat the bottom,

knurl the bottom, and come out of the cup. The machine is developed by our company, after comprehensive technical improvement, the stability has been improved

Yongbo Machinery Automatic intelligent paper cup machine

Introduction

This Yongbo Machinery® **Automatic intelligent paper cup machine** is the new design adds a bottom heating system more than the old design which make the paper cup sealing effect is more better. This model is equipped with 10 Cup molds, which operates faster than the old 8 Cup molds. The steel plate presses the bottom paper to make the paper feeding more stably and smoothly. Two cooling fans, two fans can make the paper fan cooling faster, make the cup fan better sealing

Yongbo Machinery Automatic intelligent paper cup machine

Parameter (Specification)

Model	High Speed Simple Model Ultrasonic Paper Cup Machine YB-S100
Paper Cup Size	2 - 12 OZ (Mould Exchangeable, Max Cup Height: 115mm, Max Bottom Width: 75mm)
Rated Speed	100- 110pcs / Min (Speed Affected By Cup Size , Paper Quality Thickness)
Raw Material	One Or Two Side PE Coated Paper (Popular For Hot And Cold Drink Cups)
Suitable Weight Paper	150-350gsm
Paper Source	50/60HZ,380V/220V
Total Power	5KW

www.yongbomachinery.com

Total Weight	2500KG
--------------	--------

Pacl Size(L*W*H)	2200*1350*1900mm (Machine Size) 900*700*2100mm (Collecting Table Size)
Cup Side Welding	Ultrasonic Heater

Yongbo Machinery Automatic intelligent paper cup machine Feature And Application

1, This **Automatic intelligent paper cup machine** Setting the rated speed is 55 times/min, is the fastest speed in china, it has the material control, sending paper control, molding control, Collection control etc. automatic system, if the machine conks out, it will be stopped and sounds the alarm

2, This **Automatic intelligent paper cup machine** it belongs to full automatic intelligent paper products making machine, with high speed, simple operation. it is suitable for the paper with PE film.

3, This **Automatic intelligent paper cup machine** Automatic sending the paper material, heating the mould, hot pressing molding, automatic counting the number, microcomputer control, used for producing the one time fast food paper lunch box, cake paper cup, food packing box etc.

Yongbo Machinery Automatic intelligent paper cup machine Details

1. The whole Automatic intelligent paper cup machine adopts automatic oil lubrication system(oil circulation system is including oil motor,filter, copper pipe)which makes all gear moving parts working at high speed much more smoothly and greatly Improve the

2. This **Automatic intelligent paper cup machine** is independently developed by Yongbo Machinery, it can produce paper cups of different sizes through a series of continuous processes, including more than 2 times of automatic paper feeding, paper anti-return device (to ensure accurate positioning), ultrasonic welding, using magic Hand conveyed paper fan, lubricated with silicone oil, punched at the bottom, folded at the bottom, preheated at the bottom, knurled at the bottom, and out of the cup. After comprehensive technical improvement, the machine stability has been improved.

3. The disposable paper cup machine steel plate presses the bottom paper to make the paper feeding more stably and smoothly.

Quotation: Yb-9 paper cup machine ex factory price excluding tax and freight is 69500 RMB (Installation of cup collector)

-----Packing type: Wooden base plate, damp proof plastic lining, fully-closed plate-box external

-----Delivery time: 40 days after receive the payment of deposit

-----Payment: Deposit 30% by T/T in advance, delivery against payment of 70% balance after qualified acceptance

-----Leave factory testing: before leaving factory, equipment should be tested by both parties. Test material offered by buyer

-----Installation: we will send 1 technicians for machine 's installation and debugging according to customer's requirement; the technician's board and lodging and the round-trip airplane ticket expense undertakes by the buyer, additional service charge USD80. For each technician/one day, estimate 5-7 working days

-----Guarantee period: Guarantee period is 12 months after getting the machine
