

Heating Element For Pellet Stove

GREENWAY Heating Element For Pellet Stove, which is MCH process, refers to Metal Ceramic Heater. The main material is 95% AL₂O₃. It is manufactured by 1650 C high temperature Co-sintered with heating layer printed on the ceramic sheet.

Model: G90105 Silicone

Heating Element for Pellet Stove

GREENWAY Heating Element For Pellet Stove, which is MCH process, refers to Metal Ceramic Heater. The main material is 95% AL₂O₃.

It is manufactured by 1650 C high temperature Co-sintered with heating layer printed on the ceramic sheet.

Heating Element For Pellet Stove is a new environmentally friendly heating element.

The heater surface temperature can up to 800C within 30 sec.

This pellet heater has such merit as excellent resistance, noiselessness, usefulness for every required heat setting. Meanwhile MCH Contains no harmful material, conforming with environment protection.

Parameter of Heating Element For Pellet Stove

Power Source	Electric
--------------	----------

Brand Name	GREENWAY
Weight (N.W)	50g
Certificate	Rohs/Reach
Max Temperature	1050 deg C
Main Material	95% aluminum ceramic
Flange	Ceramic flange or copper thread
Dimension	94*10.5mm /108mm*11.5mm OR Customized
Power	150W~350W
Warranty	13 months
Ignition Time	60-90 seconds
Wire Length	50cm or accordingly
OEM/ODM	AVAILABLE

Product feature and Application

A fraction of the energy consumption compared to conventional heater
Easy to install and retrofit
Fits any steel tube with an inner diameter of 17.6mm
1000°C at steady-state temperature
Cannot overheat even with blower failure
Fully electrically insulated with no exposed electric contacts
200 to 500°C heat resistant wire
Comply with RoHS, REACH regulation

Heating Element For Pellet Stove Application

Wood pellet stove
Wood pellet boiler
Wood pellet burner
Wood chips burner
Straw burner
Other biomass burner

Packing and Delivery

Box;Carton;
Delivery with Express such as TNT/DHL/Fedex and UPS
Lead time:1-35 working days

Our Advantage

1. Aluminum Ceramic Heating Element Factory
2. On-line Employees more than 150~200
3. Customization are welcome
4. Heater Month Capacity: 550,000 piece
5. Quick Delivery time for already models: 1-3 days
6. Free Heater elements Samples are available

FAQ

Q: Are you trading company or manufacturer?

A: We're factory.

Q: How long is your delivery time?

A: Generally it takes 1-5 working days for open design; For custom design, the lead-time is according to quantity and specification.

Q: Do you provide sample? Is it free or charged?

A: Yes, we could offer free sample for open design, but client should pay the freight charge.

A: WHAT WE CAN DO IF THE IGNITER IS FAILED DURING THE WARRANTIES?

Q: We will offer 1:1 new igniter to replace the failed ones first then our technicals will find what the problems are .
