ONEREEL ABS Flanged Process Cable Reel Feature and Application

Exceptional Products—reels and spools celebrated industry wide for their versatility of application, strength, and durability, all available at a reasonable price.

Diverse Options—offerings include fine wire and specialty spools and reels, process reels, lightweight utility spools, and more.

ONEREEL ABS Flanged Process Cable Reel Details

PL series are used for the turnover and delivery of tensile wires, such as copper, tin wire, alloy wire. The products are mainly two structures: integrated and assembled. The materials include ABS,PS,PP,HDPE and so on, can be re-used and recycled, so the products has a good balance, high strength, and are durable.

FAQ

What is your products standardization?

our products strictly comply with ISO9001 and CE standards

Can you can design the spool according to our size?

Yes, we have a professional team of engineers who can complete the manufacture of the spool you provid

How many years have your company made this kind of spool?

we have been making spools for ten years

Are you a trading company or a manufacturer?

we are a manufacturer of spool technology and design

How long is your delivery time?

we will deliver the order as soon as we receive it
