ONEREEL Casted Corrugated Wire Spool Feature and Application

We manufacture corrugated steel cable reel for wire with a flange diameter of 600 mm to 3500 mm and a load capacity of up to 250 tons.

Application: For high voltage, middle and low voltage, XLPE, stranding, extrusion, cabling and armoring equipment

Customization: Reinforced version for drum twist machine Light version for shipping use

Knock down to be welded or to be assembled by screws to reduce transport cost

Non-standard traverse width & barrel Smooth internal flange surface (Replaceable)

hardened bushing of the central bore Big or small bore Painted or stamped weight, logo, numbering ... on flanges

Feature:

- 1, Corrugated steel cable reel Flange range from 600mm to 3000mm.
- 2, 2 types: flat type & corrugated type
- 3, cable reel Barrel can be made of 2 parts or 4 parts.
- 4, Factory price
- 5, MOQ=1*20ft container
- 6, OEM service offered
