

ONEREEL®

### Galvanized Flat Cable Spool

ONEREEL® is the top Galvanized Flat Cable Spool manufacturer and supplier in China. Each specific product has its own production line.

Whether you need a tubular reel for lightweight shipping of pipe or conduit, a custom-designed process reel for take-up and take-off solutions in heavy-duty processing industries, or spool reusable for wire and cable applications, our steel coil series can be customized according to your requirements. ONEREEL® as a supplier in China support wholesale price.

When it comes to the accessories needed for wire and cable manufacturing we ensure that these integrate seamlessly with the manufacturing equipment.

Buy high speed wire/cable reels online in China, copper wire basket, please do not hesitate to contact us.

### Product Description

ONEREEL® Galvanized Flat Cable Spool is a Best-selling quality product.

Galvanized Flat Cable Spool is one type of Solid flange reel for internal process, with dimensions manufactured in GB standards GB4004-83、JB/T600.3-94、DIN46397) or can be customized. Fine mechanical processing in forming, high precision.

Dynamic and static balance tests, steady in high-speed operation, intended for various wire drawing machines.

### ONEREEL® Galvanized Flat Cable Spool Parameter (Specification)

Type Specification	D1	D2	D4	D5	11	12	E
200	200	100	25	16	150	125	40
300	300	217	127	18	290	270	90
400	400	165	70	16	270	250	50
500	500	217	70/80/127	20	320	300	65
630	630	355	125	28	475	400	100

**ONEREEL Galvanized Flat Cable Spool Feature and Application**

Galvanized Flat Cable Spool is produced according to customer requirements or GB4004-83, JB/T8997.4-1999, DIN46395/DIN46397 standards.

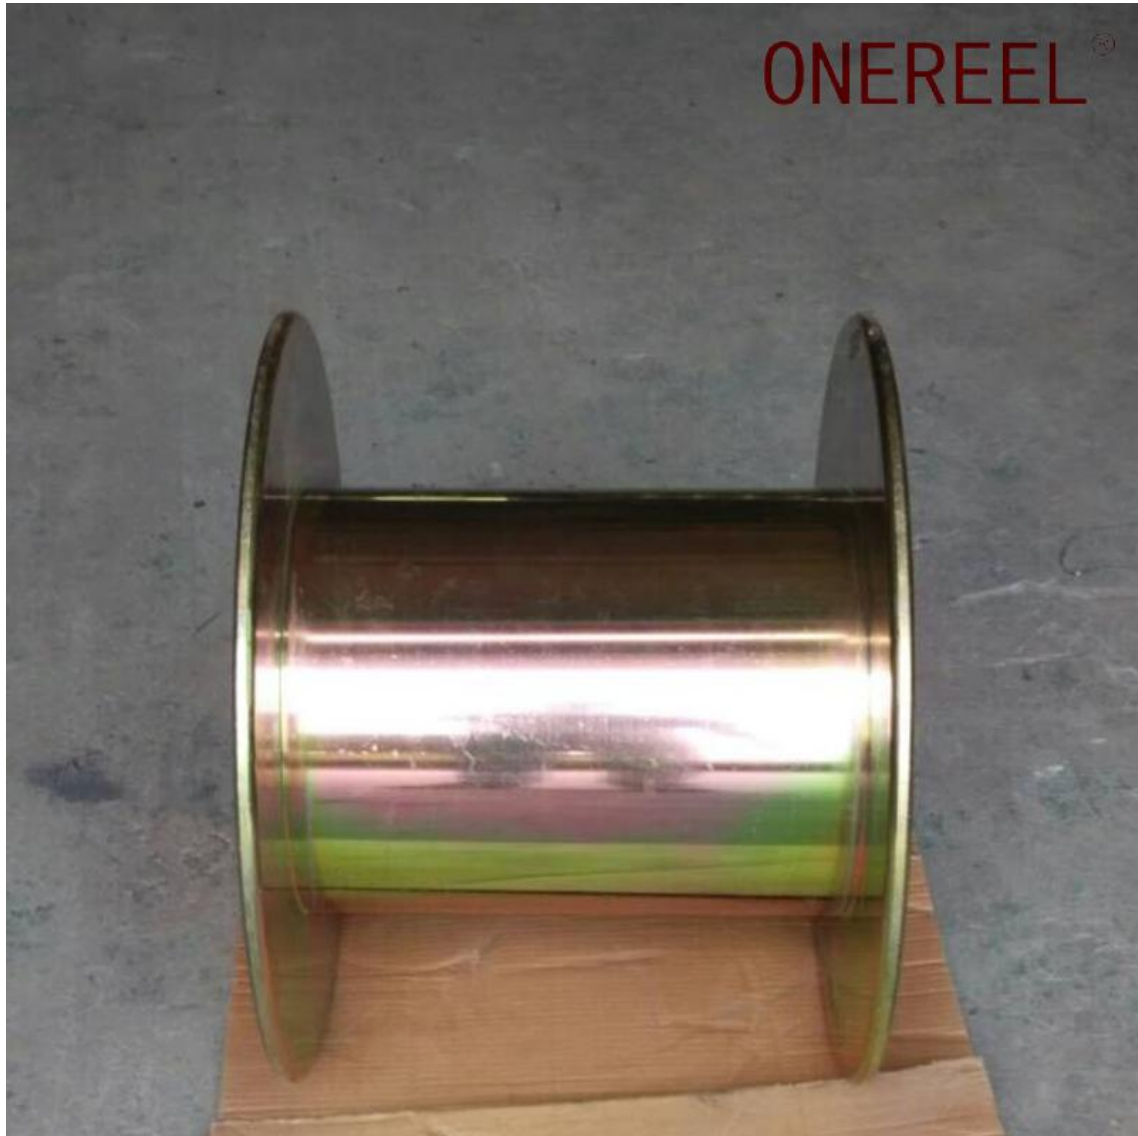

The dynamic balance speed is 25m/s--50m/s.

High speed cable reel/wire reel is suitable for use in equipment such as cable, steel wire and non-steel wire, wire drawing, stranded wire, and bundle wire.

Steel cable reels in China the barrel should be circle and reformed after welded, and the welded surface shall be clean and without welding waste. To keep the figures of side plates, barrel and tolerance between them, the bobbin shall be point and then weld together. Cable reels for sale the roughness of axis box is G6.3.

**ONEREEL Galvanized Flat Cable Spool Details**

1. Dimension according to customer's specification or GB4004-83, B/T7600, 3-94, DIN46395 standard.
2. Mechanical finishing, high precision, dynamic balance test.
3. Apply for medium drawing machine, fine wire drawing machine and mini drawing machine.

**FAQ**

What is your products standardization?

our products strictly comply with ISO9001 and CE standards

Can you can design the spool according to our size?

Yes, we have a professional team of engineers who can complete the manufacture of the spool you provid

How many years have your company made this kind of spool?

we have been making spools for ten years

Are you a trading company or a manufacturer?

we are a manufacturer of spool technology and design

How long is your delivery time?

we will deliver the order as soon as we receive it
