

ONEREEL®

Plastic Reel for Cable Wire

ONEREEL® is the top plastic reel for cable wire manufacturer and supplier in China. We have been committing to the development and design of plastic spool since its establishment. There are various automatic, high precision plastic injection machines and accessory equipment. Our company is a high-tech enterprise that engaged in the development, design, production and sale of all kinds of plastic products.

Product Description

This ONEREEL® plastic reel for cable wire is a high-quality product.

ONEREEL plastic reel for cable wire, PN processing reels are mainly made of engineering plastics with composed structure. It is suitable for the take up and pay off of the bunching, extrusion, twisting, wrapping and cabling equipment in the production process of photoelectric cable.

ONEREEL® plastic reel for cable wire Parameter (Specification)

Serial Number	Type	Lateral Plate Diameter D1	Major Diameter D2	Axle Hole Diameter D3	Carrying Hole Radius Diameter R	Center Distance E of Axle Hole and Carrying Hole	External Width L1	Internal Width L2	Thickness S
---------------	------	---------------------------	-------------------	-----------------------	---------------------------------	--------------------------------------------------	-------------------	-------------------	-------------

ONEREEL plastic reel for cable wire Feature and Application

Exceptional Products—301ABS engineering plastic. For high speed stranding fiber, optical cable, communication cables.

Diverse Options—offerings include fine wire and specialty spools and reels, process reels, lightweight utility spools, and more.

ONEREEL plastic reel for cable wire Details

For different procedures. We have enhanced, heavy-duty, high-speed dynamic balance type and large capacity type to meet customer's requirement. Plastic reel has the advantages of the light weight, smooth, high strength, high impact, anti-acid, corrosion and balance performance, etc., and it has obvious comparative advantages with the wooden drum and steel bobbin, which meets the conditions for alternative.

**FAQ**

What is your products standardization?

our products strictly comply with ISO9001 and CE standards

Can you can design the spool according to our size?

Yes, we have a professional team of engineers who can complete the manufacture of the spool you provid

How many years have your company made this kind of spool?

we have been making spools for ten years

Are you a trading company or a manufacturer?

we are a manufacturer of spool technology and design

How long is your delivery time?

we will deliver the order as soon as we receive it
