Mobile Power Bank Folding Solar Panel

IPVISOLA mobile power bank Folding Solar Panel is a fantastic Power Bank with an innovative design. The mobile power bank Folding Solar Panel features an enlarged branding area on one side and a solar panel on the other side that's designed to convert energy from the Sun into power that recharges the Power Bank. You can also recharge the mobile power bank Folding Solar Panel by conventional means via the USB-C input. A great

promotional product idea that'll be kept for years.

Product Description

IPVISOLA mobile power bank Folding Solar Panel Details

Mobile power bank Folding Solar Panel, referred to as "outdoor power supply", is a kind of small energy storage equipment which replaces the traditional small fuel generator and has high efficient monocrystalline cells.

The **mobile power bank Folding Solar Panel** has the characteristics of large capacity, high power, safe and portable, and can provide stable AC/DC voltage output power system.

The **mobile power bank Folding Solar Panel**. Equipped with AC, DC, Type-C, USB, PD and other interfaces, can match the mainstream electronic equipment in the market, suitable for outdoor travel, emergency relief, medical rescue, outdoor work and other scenes. The **mobile power bank Folding Solar Panel** has CE, FCC, ROHS, PSE, MSDS, UN38.3, Shipping report, JIS C 8714, EN 62133 and other necessary certificates for the market.

Green power

Efficient power saving

Easy battery life

Easy installation

Wide application

Product

Where there is sunshine There is electricity

Postting high gloss, anti-ultraviolet, beautiful appearance

Material Advantage

Brand-known raw materials to ensure maximum inner quality

Glass

Anti-reflective coating to increase the module efficiency up to 20%
Light transmittance improvement above 3%
Self-cleaning function

Back Sheet

Low moisture permeability against snail trail defect
Excellent electric insulation for high system voltage up to 1500V
Outstanding weatherproof performance

Cell

High power efficiency
Stable performance under weak light conditions
PID free

Frame

Strong mechanical load resistance up to 5400 Pa
Anodic oxidation layer resistant to chemical corrosion
Silver and black color optional

Eva Film

Light transmittance more than 92%
Snail trail prevention treatment
UV resistance against aging

Junction Box

IP 67 protection grade
High quality diodes for electric safety
1500V system voltage available

About us

Solar Photovoltaic High-tech Products Of Professional Manufacturers

who we are

Zhejiang Isola New Energy Co.,Ltd is a professional manufacturer, engaged in high-tech products of solar modules. It has the abundant technical force and a large number of professional and technical person for many years experienced in the photovoltaic industry, and use full-automatic machine for cell cutting, welding, packaging, testing and so on.

Products included solar cells, solar panels, solar home system, solar streetlight, etc.

Two production bases:

Full automatic production line: 1.5GW / year, power range: 450W-540W

Semi-automatic production line: 400MW / year, power range: 5W-400W

We are the domestic manufacturer with the most comprehensive power coverage and the most customized enterprise.

The subordinate branch companies and representative offices are located in more than 10 countries like: Germany, Denmark, Netherlands, India, Bangladesh, Burma, etc.
