

 ANESOK

4.3 inch IPS Industrial Endoscope Camera

Anesok® is 4.3 inch IPS Industrial Endoscope Camera manufacturer in Shenzhen of China. We have been specialized in industrial endoscope for 9 years. Our products have a good price advantage and cover most of the European and American markets. We look forward to becoming your long-term partner in China.

Product Description

This Anesok® **4.3 inch IPS Industrial Endoscope Camera** have dual cameras and HD inspection camera is built into the side of the main camera for a wider field of view. Easily switch between two 70-degree cameras for a total of a 140-degrees view to look sideways and forwards. Focal length at 2-10cm for the sharpest image. Our IPS endoscope with semi rigid cable with 5.5mm camera easily passes through hard-to-reach areas. The cable can hold its shape well. An IP67 waterproof design allows the camera to operate 3.28ft (1 metre) underwater for half one hour.
