pictures, capture video, and measure objects. Useful for
Laboratory Research, Medical analysis, School Research tool,
Insect dissection examination, Plant dissection examination,
Computer Parts inspection, Telecom module inspection,
Collections/Coin Inspection, Printing Inspection

Product Description

FEATURES:

- 1.As a digital microscope, this microscope lacks eyepiece since it has an inbuilt LED light, which is the source of light for the microscope. Light is reflected from the sample, into the camera lens, which has enough sensitivity for the light it reflects.
- 2.The direct attachment to the microscope to the USB port, allows it to capture images and record short videos, stored in the USB. The microscope has an adjustable stand that manually focuses on the image and has a flexibility that allows change of planes of view to the screen.
- 3.The image production is fast, accurate and very clear that is displayed, saved in the USB port. The inbuilt camera is 0.3 megapixels and the lenses are about 0-40 mm. The magnification power is about 50X-500X/ 50X-1000X/ 50X-1600X.
- 4.Economic price **500x 1000x 1600x USB Digital Microscope**

USB hd digital microscope

Zero distance of viewing angle, let you see more clearly

Product parameters	
Pixel	0.3 million pixels
Magnification	50X-500X/ 50X-1000X/ 50X-1600X
Picture resolution	640*480P
Focal distance	Manual focus (0~40mm)
Picture format	JPG
Video format	AVI
Dynamic frame rate	20~30f/s
USB interface type	USB 3.0/2.0/1.0
Supportive system	Windows vista/ 7/ 8/ 10
	MacOS X 10.8 or later
Materials	Aluminum, Plastic
LED light	8 LED

ANESOK® 321-USB 500x 1000x 1600x USB Digital Microscope

Meet various industrial needs

Skin examination

Insect observation

Circuit detection

Gem Identification

Package Included

1x USB Digital Microscope

1x Metal Base

1x User manual

1x packing box
