### Water Dental Flosser for Teeth Cleaning

Sunuo® is committed to manufacturing high-quality household items for all customers. Adhering to the concept of scientific and technological innovation and people-oriented, with comfortable products, improve the quality of daily life and illuminate your life. C3 pro Water Dental flosser for Teeth Cleaning is unique designs, hygienic and durable. Wholesales electric water flosser which can clearly 360° and no blind view area to see if food residues and stains hidden deep have been cleaned finally we did it! The oral irrigator with 1080P HD camera can provides a clear view to see the condition of blind spot and ensure complete oral fresh and healthy. you can set the operation method according to personal preference in the APP, it can also choose not to use the camera like other power dental flossers

## Product Description

### FEATURES:

- 1.Durable product quality: Different from other water flossers, the exclusive design structure internal pump of Tuohun is made of 304 stainless steel rather than plastic, which makes the oral irrigator more durable. Meanwhile the unique pressure stabilization technology of our portable water flosser keep water pulse stable, avoid the problem of bleeding gums, impact pain, bring you continuous most comfortable experience. Remove 99.99% food residue hidden deep, massage the gum effectively and promoting blood circulation.
- 2.Universal type-C port: Compared with other ports, Type-C supports positive/negative insertion, with longer service life, faster charging.
- 3.Unique storage room for Standard nozzle & Sensitive nozzle: Say goodbye to the jet tips box which is easy to forget, everything you need is in the body of the Tuohun cordless water flosser. It is the ideal companion for your travel.
- 4.Soft and sturdy pull ring: The ring is made of premium silicone, which is convenient for hanging and carrying.
- 5.Portable design: dental water flosser is designed with telescopic water tank and advanced integrated jet tube which only 2.42\*6.18IN as small as a phone, greatly reduces the volume of the item compared with other travel water flosser rechargeable. You can use the dental irrigator bucal easily anytime and anywhere especially suitable for office, business travel, family trip, school, gym and home etc
- 6.3 modes & 3 Nozzles: Electric cordless flosser equipped with powerful pump, has a pulse frequency of 1400-1800 per minute and water pressure of 35~140 PSI (after testing it is just right that will not hurt mouth and have sufficient water pressure at the same time).

It removes food residues and stains thoroughly while massage gums and promote blood circulation. The combinations of 3 modes and 3 nozzles are suitable for most people: beginner, teeth sensitive users, frequent users, and braces users

Product parameters	
Product Model:	C3 Pro
