Glass Thickness	Item Size
4 mm	Φ 16 / 18 / 20 / 22 / 24 / 26 / 28 / 30 / 32 cm

Silicone Glass Lid Considerations

Care: Do not use abrasive cleansers, steel wool or coarse scouring pads, as they may scratch the surface of the glass lid, which may cause breakage over time. Avoid sudden temperature changes such as placing a hot lid on a cold surface or immersing a hot lid in cold water. Wash silicone glass lid by hand in warm water or place in dishwasher.
