

Adhesive Waterproof Breathable Membrane

Kunshan Bizhenpin Film New Material Technology Co., Ltd. is a professional leader China Adhesive Waterproof Breathable Membrane manufacturer with high quality and reasonable price. Welcome to contact us.

Product Description

Adhesive Waterproof Breathable Membrane fully Breathable Membrane structure provides high breathability and reliable protection.

The new Bizhenpin adhesive waterproof breathable product features a breathable membrane structure made of 100% expanded polytetrafluoroethylene (ePTFE). The permeable film provides high permeability at very small sizes. At the same time, its low surface tension characteristics allow liquid to slip easily, reliable prevent liquid sealing.

We recruit passionate and dedicated technicians, who not only enjoy their career, but continue to train and grow their skills year-round. Constant training and education enables us to stay on top of industry trends, so we can offer top notch services every time you need us.
