

Automotive Oleophobic Film

As the professional manufacture, we would like to provide you high quality Automotive Oleophobic Film. And we will offer you the best after-sale service and timely delivery.

Product Description

Automotive Oleophobic Film offers protection levels up to IP67 and IP68. At the same time, it has good ventilation and heat dissipation effect. Our thin film products are hydrophobic and hydrophobic and oil - phobic. Hydrophobic film can provide good water and dust resistance. Hydrophobic and oil-phobic film can not only provide good waterproof and dustproof performance, but also prevent the penetration of liquid such as surfactant and organic solvent. At the same time, it can avoid the surface of the film to be infiltrated by liquid droplets and lose the function of air permeability and heat dissipation.

In addition, Bizhenpin Automotive Oleophobic Film features extremely high filtration efficiency, high permeability, low pressure difference, no volatilization, low residue, excellent chemical compatibility, and excellent temperature adaptability.
