

Automobile Fuel Piping System Straight Quick Connector

Ningbo Hailian Auto Parts Technology Co., Ltd is a manufacturer for design and produce all various of automobile pipeline quick connectors, like Automobile Fuel Piping System Straight Quick Connector. There are more than 500 models quick connectors in our company. Our fuel piping quick connectors are widely use on some famous cars, such as BMW, FAW, BYD. Also exported to Europe market, South American market. Any interesting, contact with us.

1. Introduction of Automobile Fuel Piping System Straight Quick Connector

Automobile Fuel Piping System Straight Quick Connector is produced by Hailian Auto Parts, which is a main quick connector widely used in fuel systems of automobiles, motorcycles, ships, etc. Our quick connector are manufactured in strict accordance with international standards IATF16949: 2016, and SAE J2044 Aug. 2009. The raw materials were used on imported top quality plastic. Such as ArKema, EVONIK, BASF, DUPONT. We also provide OEM service. Now the daily output 300,000 pcs.

2. Specifications

No.	Item	Description
1	Product Name	Automobile Fuel Piping System Straight Quick Connector
2	Model	6.30 SAE 1/4" ID3
3	Shape	Straight 0 Degree / 180 Degree
4	Fitting Pipe	Nylon Hose ID 3mm

5	Application	Fuel Pipe Line System on Automobile, Motorbike, Ships
6	Raw Material	Arkema PA12 GF30 /PA66 GF30-35
7	Color	Black / Gray or Customized
8	MOQ	10 PCS
9	Delivery	International Express, DHL, UPS, FedEx, Air, sea, land transportation

3. Application

- 1 It can be used on the Fuel Piping System of the cars, heavy trucks, pickup trucks.
- 2 Also used on the motorcycles fuel pipe line system.
- 3 Ship fuel system can use the quick connectors.

4. Details

Part	Raw Material	Manufacturer		Application
Shell	PA12 GF30	Arkema	EVONIK	fuel oil
	PA66 GF30/35	BASF	DUPONT	fuel oil,steam
	PA6/6T GF25	BASF		fuel oil, high temperature resistance
	PA9T GF30	Kuraray		ditto
Locking Spring Ring	PA11	Arkema		fuel oil
	PA66	BASF	DUPONT	All the above
safety Ring	PA12 GF30	Arkema	EVONIK	All the above, urea, steering System
	PA6/6T GF30	BASF		fuel oil,high temperature resistance
	PA66GF 30/35	BASF		fuel oil,steam
O Seal Ring	FKM/FVMQ/ HNBR/AEM	Hutchinson	Gmors	All the above, air conditioning system, Water tank piping system
