

Brass Compression Tube Pipe Fitting Connector

You can rest assured to buy customized Eight® Brass Compression Tube Pipe Fitting Connector from us. This product is a customized product. We are mainly engaged in hardware product parts processing and CNC processing.

You can rest assured to buy customized Eight® Brass Compression Tube Pipe Fitting Connector from us. We attach importance to product development and quality, pay close attention to new trends in product design and carefully study new product technology, and also establish close cooperation with various design institutes, and we look forward to establishing long-term cooperation with you.

Brass Compression Tube Pipe Fitting Connector product information:

tolerance:	0.02MM
Precision:	±0.001MM
Surface roughness:	0.01
product material:	copper
Machining Type:	turning

Introduction to Brass Compression Tube Pipe Fitting Connector:

This product is a customized product. We are mainly engaged in hardware product parts processing and CNC processing. Customers in need are welcome to send email consultations to customize hardware products suitable for you.

Dongguan Eight Metal Manufacturing Co., LTD

Address:No. 8, Buyan Industrial Yiheng Road, Fenggang Town, Dongguan City, Guangdong Province

Tel:+86-18675158482

E-mail:yangfuchangchang@gmail.com

Product advantages of Brass Compression Tube Pipe Fitting Connector:

1. Made of copper, corrosion-resistant, anti-oxidative, waterproof and rust-resistant, the surface is shiny, and it is still bright as new after long-term use;
2. The force of the processing machine is uniform, and the surface of the nut is smooth and free of burrs;
3. Sturdy and durable, deep thread, sharp screw teeth, not easy to slip during rotation;
4. Non-standard customization, complete specifications: can be customized according to drawings and samples to meet different market needs.

Support customization:

Size customization	Printing LOGO	Material selection
Craft production	Free design	Small batch customization

E-mail:yangfuchangchang@gmail.com

Surface treatment:

Screen printing, electroplating, polishing, oxidation, sandblasting, wire drawing, laser engraving, baking paint

Application areas:

Auto parts, smart home appliances, security intelligence, aviation and military industry, digital office, medical equipment, electronic instruments, drones, etc.

FAQ

Q:1. Are you a trader or a manufacturer?

A: We are a professional manufacturer of customized hardware parts processing and CNC processing, with our own production factory and 15 years of production experience.

Q:2. How do we guarantee the quality?

A: 1. Always pre-production samples before mass production;
2. Professional quality inspectors conduct product testing and quality assurance;
3. Our products win by quality and have a good reputation in the industry. We have served Dell, Logitech, ASUS, CAT and other first-line brands; we hope to establish a long-term cooperative relationship with you.

Q:3. What can you buy from us?

A: We are mainly engaged in CNC processing customization, mainly providing sports equipment, pneumatic components, ATM, commercial display, medical parts processing,

communication parts processing, optoelectronic parts processing, auto parts processing, CNC precision processing, CNC processing, CNC processing of complex parts, non- CNC machining of standard parts, customized CNC machining, etc.

Q:4. Why buy from us instead of other suppliers?

A:We have 15 years OEM/ODM experience! We have our own design team and production team, equipped with complete production equipment and auxiliary processing equipment, so we can customize hardware parts with small MOQ, and carry out quality control in strict accordance with the ISO9001:2008 quality system to provide customers with stable and reliable products with service.

Q:5. How long will it take for delivery?

A:5-7 days for sampling, 35-45 days for delivery after sample confirmation.

Q:6. How can I get samples to check your quality?

A:After the price is confirmed, you can request samples to check our quality. We can provide free blank samples to check the design and product quality, but you need to bear the shipping cost.
