

Double-pass Hexagonal Isolation Copper Column

As the professional manufacture, we would like to provide you high quality Eight® Double-pass Hexagonal Isolation Copper Column.

As the professional manufacture, we would like to provide you high quality Eight® Double-pass Hexagonal Isolation Copper Column. Dongguan Eight Metal Manufacturing Co., LTD. continually strives to offer competitive pricing and on-time delivery while maintaining stringent standards of quality.

Introduction to Double-pass Hexagonal Isolation Copper Column:

1. This product is a customized product. We are mainly engaged in hardware product parts processing and CNC processing. Customers in need are welcome to send email consultations to customize hardware products suitable for you.
2. All raw material sources are strictly controlled, and recycled copper raw materials are not used. The materials used are homogeneous and comply with ROHS standards. It is used in various circuit boards, electrical appliances, plugs and other occasions, and plays the role of isolation, support and fastening.

Dongguan Eight Metal Manufacturing Co., LTD

Address:No. 8, Buyan Industrial Yiheng Road, Fenggang Town, Dongguan City, Guangdong Province

Product Information of Double-pass Hexagonal Isolation Copper Column:

Product Category:	Single head hexagonal copper column
	M4 supporting copper column
	Double-pass hexagonal isolation copper column
	Hollow hexagonal copper column
	Bolted connection
	round copper column
	Straight Hexagonal Isolation Column
	Double pass copper column
size:	custom made
tolerance:	0.02MM
Precision:	±0.001MM
Surface roughness:	0.01

Dongguan Eight Metal Manufacturing Co., LTD

E-mail:yangfuchangchang@gmail.com

Product material (optional):	copper, stainless steel, aluminum
Machining Type:	turning

Product advantages of Double-pass Hexagonal Isolation Copper Column:

1. Made of copper, corrosion-resistant, anti-oxidative, waterproof and rust-resistant, the surface is shiny, and it is still bright as new after long-term use;
2. The force of the processing machine is uniform, and the surface of the nut is smooth and free of burrs;
3. Precise thread, deep thread, sharp thread, not easy to slip during rotation;
4. Non-standard customization, complete specifications: can be customized according to drawings and samples to meet different market needs.

Support customization:

Size customization	Printing LOGO	Material selection
Craft production	Free design	Small batch customization
Surface treatment: Screen printing, electroplating, polishing, oxidation, sandblasting, wire drawing, laser engraving, baking paint		
Application areas: Auto parts, smart home appliances, security intelligence, aviation and military industry, digital office, medical equipment, electronic instruments, drones, etc.

FAQ

Q:1. Are you a trader or a manufacturer?

A:We are a professional manufacturer of customized hardware parts processing and CNC processing, with our own production factory and 15 years of production experience.

Q:2. How do we guarantee the quality?

A:1. Always pre-production samples before mass production;
2. Professional quality inspectors conduct product testing and quality assurance;
3. Our products win by quality and have a good reputation in the industry. We have served Dell, Logitech, ASUS, CAT and other first-line brands; we hope to establish a long-term cooperative relationship with you.

Q:3. What can you buy from us?

A:We are mainly engaged in CNC processing customization, mainly providing sports equipment, pneumatic components, ATM, commercial display, medical parts processing, communication parts processing, optoelectronic parts processing, auto parts processing, CNC precision processing, CNC processing, CNC processing of complex parts, non- CNC machining of standard parts, customized CNC machining, etc.

Q:4. Why buy from us instead of other suppliers?

Dongguan Eight Metal Manufacturing Co., LTD

Address:No. 8, Buyan Industrial Yiheng Road, Fenggang Town, Dongguan City, Guangdong Province

Tel:+86-18675158482

E-mail:yangfuchangchang@gmail.com

www.eightmetal.com

A: We have 15 years OEM/ODM experience! We have our own design team and production team, equipped with complete production equipment and auxiliary processing equipment, so we can customize hardware parts with small MOQ, and carry out quality control in strict accordance with the ISO9001:2008 quality system to provide customers with stable and reliable products with service.

Q:5. How long will it take for delivery?

A: 5-7 days for sampling, 35-45 days for delivery after sample confirmation.

Q:6. How can I get samples to check your quality?

A: After the price is confirmed, you can request samples to check our quality. We can provide free blank samples to check the design and product quality, but you need to bear the shipping cost.
