

Mechanical Equipment Display Aluminum Alloy Frame

As the professional manufacture, we would like to provide you Eight® Mechanical Equipment Display Aluminum Alloy Frame. We sincerely look forward to becoming your reliable long-term business partner!

As the professional manufacture, we would like to provide you Eight® Mechanical Equipment Display Aluminum Alloy Frame. It have been exported to Europe, North America, the Middle East and other regions for a long time. The company has always been committed to becoming an honest and reliable supplier to customers and seeking common development with customers.

Introduction of Mechanical Equipment Display Aluminum Alloy Frame:

- 1、 High strength, strong firmness, good electrical conductivity, corrosion resistance and oxidation resistance, strong tensile strength, convenient transportation and installation, and easy recycling and other incomparable advantages of other materials.
- 2、 Since the birth of photovoltaic modules, it has been used as a frame material, and has been accompanied by its side without any other materials. It is responsible for the wind load and snow load resistance of photovoltaic modules, comprehensive protection of photovoltaic modules, and convenient module installation. , enough to illustrate the irreplaceability of aluminum alloy frame in photovoltaic modules.
- 3、 This product is a customized product with beautiful appearance and stable high-end quality. Welcome customers in need to send email consultation to customize hardware products suitable for you.

Dongguan Eight Metal Manufacturing Co., LTD

Address:No. 8, Buyan Industrial Yiheng Road, Fenggang Town, Dongguan City, Guangdong Province

Tel:+86-18675158482

E-mail:yangfuchangchang@gmail.com

Product information of Mechanical Equipment Display Aluminum Alloy Frame:

Product Category:	Profile aluminum alloy face frame
	Display aluminum alloy frame
	Mechanical equipment display aluminum alloy frame
	Aluminum alloy photo frame border
	Aluminum alloy mirror front frame
	Display aluminum alloy panel
The maximum diameter:	600MM
The maximum length:	4500MM
tolerance:	0.002MM
Precision:	±0.001MM
Surface roughness:	0.001
Processing material:	Aluminum, aluminum alloy

Dongguan Eight Metal Manufacturing Co., LTD

Address:No. 8, Buyan Industrial Yiheng Road, Fenggang Town, Dongguan City, Guangdong Province

Tel:+86-18675158482

E-mail:yangfuchangchang@gmail.com

Machining Type:	milling
-----------------	---------

Support customization:

Size customization	Printing LOGO	Material selection
Craft production	Free design	Small batch customization
Surface treatment: Screen printing, electroplating, polishing, oxidation, sandblasting, wire drawing, laser engraving, baking paint		
Application areas: Auto parts, smart home appliances, security intelligence, aviation and military industry, digital office, medical equipment, electronic instruments, drones, etc.		

FAQ

Q:1. Are you a trader or a manufacturer?

A:We are a professional manufacturer of customized hardware parts processing and CNC processing, with our own production factory and 15 years of production experience.

Q:2. How do we guarantee the quality?

- A:1. Always pre-production samples before mass production;
- 2. Professional quality inspectors conduct product testing and quality assurance;

3. Our products win by quality and have a good reputation in the industry. We have served Dell, Logitech, ASUS, CAT and other first-line brands; we hope to establish a long-term cooperative relationship with you.

Q:3. What can you buy from us?

A:We are mainly engaged in CNC processing customization, mainly providing sports equipment, pneumatic components, ATM, commercial display, medical parts processing, communication parts processing, optoelectronic parts processing, auto parts processing, CNC precision processing, CNC processing, CNC processing of complex parts, non- CNC machining of standard parts, customized CNC machining, etc.

Q:4. Why buy from us instead of other suppliers?

A:We have 15 years OEM/ODM experience! We have our own design team and production team, equipped with complete production equipment and auxiliary processing equipment, so we can customize hardware parts with small MOQ, and carry out quality control in strict accordance with the ISO9001:2008 quality system to provide customers with stable and reliable products with service.

Q:5. How long will it take for delivery?

A:5-7 days for sampling, 35-45 days for delivery after sample confirmation.

Q:6. How can I get samples to check your quality?

A:After the price is confirmed, you can request samples to check our quality. We can provide free blank samples to check the design and product quality, but you need to bear the shipping cost.
