

### **Pagoda Type Male Connector**

You are welcomed to come to our factory to buy the latest selling, low price, and high-quality Eight® Pagoda Type Male Connector. Any inquiries and problems please feel free to send emails to us and we will reply you soon.

You are welcomed to come to our factory to buy the latest selling, low price, and high-quality Eight® Pagoda Type Male Connector. Dongguan Eight Metal Manufacturing Co., LTD. adhered to the principle of "quality is the life", to provide customers with the best quality, the most competitive prices, the first-class after-sales service.

### **Pagoda type male connector product information:**

tolerance:	0.02MM
Precision:	±0.001MM
Surface roughness:	0.01
product material:	Stainless Steel, Aluminum Alloy, Brass
Machining Type:	turning
Surface treatment:	electroplating, polishing, oxidation, baking paint

### **Introduction to Pagoda type male connector:**

This product is a customized product. We are mainly engaged in hardware product parts processing and CNC processing. Customers in need are welcome to send email consultations to customize hardware products suitable for you.

**Dongguan Eight Metal Manufacturing Co., LTD**

**Address:**No. 8, Buyan Industrial Yiheng Road, Fenggang Town, Dongguan City, Guangdong Province

**Tel:**+86-18675158482

**E-mail:**[yangfuchangchang@gmail.com](mailto:yangfuchangchang@gmail.com)

### **Product advantages of Pagoda type male connector:**

1. High hardness, excellent wear resistance, not easy to cause seizure, good casting performance and cutting performance, and good corrosion resistance in the atmosphere and fresh water.
2. It can be used for wear-resistant parts that work under high load (below 20Mpa) and high sliding speed (8m/s), such as connecting rods, bushings, bearing bushes, gears, worm gears, etc.
3. Corrosion resistance, especially for dilute sulfuric acid, hydrochloric acid and fatty acid.
4. Structural materials, corrosion-resistant and acid-resistant accessories, as well as crusher bushings and bearing bushes.
5. Good lubricity, wear resistance and corrosion resistance, suitable for bimetal casting materials.
6. Vehicle bearings, internal combustion engine bimetallic shoes with a load peak of 100Mpa, piston pin sleeves, friction plates, etc.

## Support customization:

Size customization	Printing LOGO	Material selection
Craft production	Free design	Small batch customization
Surface treatment: Screen printing, electroplating, polishing, oxidation, sandblasting, wire drawing, laser engraving, baking paint		
Application areas: Auto parts, smart home appliances, security intelligence, aviation and military industry, digital office, medical equipment, electronic instruments, drones, etc.		

## FAQ

### Q:1. Are you a trader or a manufacturer?

A:We are a professional manufacturer of customized hardware parts processing and CNC processing, with our own production factory and 15 years of production experience.

### Q:2. How do we guarantee the quality?

- A:1. Always pre-production samples before mass production;
2. Professional quality inspectors conduct product testing and quality assurance;

### Dongguan Eight Metal Manufacturing Co., LTD

**Address:**No. 8, Buyan Industrial Yiheng Road, Fenggang Town, Dongguan City, Guangdong Province

**Tel:**+86-18675158482

**E-mail:**yangfuchangchang@gmail.com

[www.eightmetal.com](http://www.eightmetal.com)

3. Our products win by quality and have a good reputation in the industry. We have served Dell, Logitech, ASUS, CAT and other first-line brands; we hope to establish a long-term cooperative relationship with you.

**Q:3. What can you buy from us?**

A:We are mainly engaged in CNC processing customization, mainly providing sports equipment, pneumatic components, ATM, commercial display, medical parts processing, communication parts processing, optoelectronic parts processing, auto parts processing, CNC precision processing, CNC processing, CNC processing of complex parts, non- CNC machining of standard parts, customized CNC machining, etc.

**Q:4. Why buy from us instead of other suppliers?**

A:We have 15 years OEM/ODM experience! We have our own design team and production team, equipped with complete production equipment and auxiliary processing equipment, so we can customize hardware parts with small MOQ, and carry out quality control in strict accordance with the ISO9001:2008 quality system to provide customers with stable and reliable products with service.

**Q:5. How long will it take for delivery?**

A:5-7 days for sampling, 35-45 days for delivery after sample confirmation.

**Q:6. How can I get samples to check your quality?**

A:After the price is confirmed, you can request samples to check our quality. We can provide free blank samples to check the design and product quality, but you need to bear the shipping cost.
