## FAQ

**Q: Can you accept my modification suggestions?**

A: Of course, we can customize according to your needs.

**Q: Do you have any discounts on your prices?**

A: Our product is already a cost-effective product.

**Q: How do I keep my caster wheels from falling out?**

A: If the problem has been ignored too long, the casters may fall out when the piece is lifted or the ends of the legs may be split. To tighten loose casters, use metal or plastic caster sleeve inserts, which are available in several sizes.
