

1000w Modified Sine Wave Inverter

You may buy a 1000w Modified Sine Wave Inverter from our factory with confidence since we are a reputable, high-quality manufacturer and will provide you with the best after-sale service and prompt delivery.

1000w Modified Sine Wave Inverter

Ningbo Taurus Industry Co., Ltd., a manufacturer in China, offers high-quality 1000w Modified Sine Wave Inverters. Purchase a 1000w Modified Sine Wave Inverter for a low price that is of high quality.

High Quality 1000W Portable Car DC To AC Power Inverter with Multi-Protection, Sturdy Metal Housing To Prevent Drops And Collisions, and Quick Heat Dissipation.

Product Parameter (Specification)

Model	M1000	
Rated Power	1000W	
Peak Power	2000W	
DC Input Voltage	12V/24V/48V	
Output	AC Voltage	110V-220V
	Frequency	50Hz±0.5Hz or 60Hz±0.5Hz

	Waveform	Modified Sine Wave
Dimension L*W*H(mm)		210*140*70
USB Port		
Protection		High and Low Temperature, Short circuit, Over current, Over voltage, Reverse connect, Overload, Low voltage, Battery PTC
Socket		US, JP, EU, Universal socket
Color		Red, Black, Customize
Customized		Support

Product Feature And Application

You can buy a 1000w Modified Sine Wave Inverter from our factory with confidence knowing that we'll provide you with the best after-sale service and prompt delivery. Car Inverter & Converters 1000W Modified Sine wave Inverter 12V To 220V Design for High Performance Sofer 1000W Power Inverter for Outdoor Car, RV, and Home Sales

【1000 Watt Inverter】 The "1000 Watt Inverter" converts 12V DC battery power to common 110V/220V AC power, offering 1000 watts of constant DC to action power and 2000 watts of peak power. Before making a purchase, make sure your gadget has enough power.

【WIDE USE】 The "WIDE USE" 110V/220V AC outlet is ideal for powering breast pumps, fans, refrigerators, game consoles, Kindles, laptops, and Christmas lights. Ideal for trips away from home, outdoor or home emergencies, remote business locations, or anywhere AC power is required.

【Multiple protections】 Multiple safeguards protection against overload, short circuit, overheating, reverse polarity, undervoltage, and overvoltage. prevents the headache of having to change fuses while keeping your batteries and equipment safer.

Product parameters

Input 12VDC/24VDC

Output AC110V ± 10%
