## Quality

Both of our own production and outsourcing sub-contractors have strict-management to make our quality always meet our customers' high requirements. Meanwhile, we also work with SGS to complete more tests per clients' requirements. They are all well-controlled by ISO 9001:2015 quality management. We always make quality check from raw material to shipment by rich-experienced technicians, and provide paperwork such as **material report, dimension report, hardness report, coating thickness report, salt spray resistance and cleanliness test report, PPAP, etc.**

## Certificates

Dyfab is certified by:

IATF 16949:2016; ISO 45001:2018; ISO 14001:2015; ISO 9001:2015

We will provide best quality and service for our valued customers.
