Possible problems:

1.No voice response:

Check and see if the device is on mute,unmute it by command "Turn on voice function"

Check and see if the machine is running, it needs to be waked up by "Hello Cutie" and command to STOP"

Try again with more accurate pronunciation/speak more slowly.

Restart

2.The light is not on:please check whether the power supply is connected.

3.The red light doesn't hurt the eyes,but we suggest you wear an eye mask because it is bright.
